We strongly believe in long-term partnerships with a clear roadmap on benefits to our clients on cost, process, infrastructure enhancements and efficiency building. Our client retention since inception is a strong testimony of our service excellence and cost effectiveness. 

VISION

To be the leader in Facility Management Services.

MISSION

To deliver superior values to our customers, employees and society on the three pillars of

- Sustainability
- Customer Centricity
- Innovation

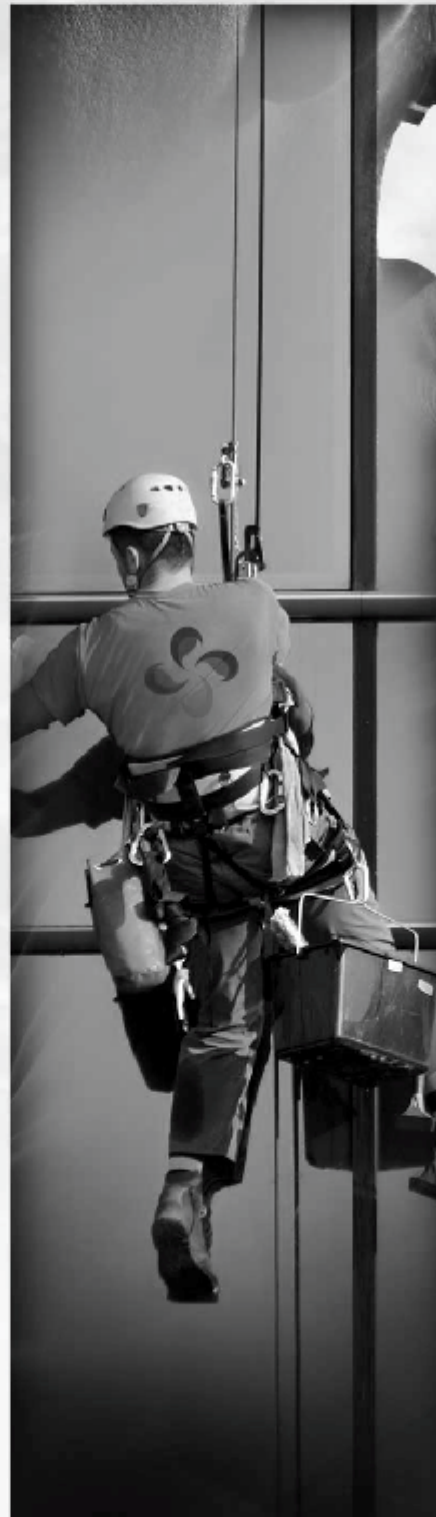

OUR STORY

Wonder Facility Management Private Limited (WF MPL), established in the year 2020. One of India's largest indigenous companies in the Integrated Facility Management Service (IFMS) segment, WF MPL represents a differentiated approach to facilities management in India. WF MPL offers a comprehensive range of smart, innovative facilities management solutions that target cost effective, sustainable results at our clients' facilities and workplaces. Our offerings include technical solutions, soft services solutions, pest management solutions, security management, and business support solutions

delivered across a variety of sectors and clients. At WF MPL, we combine a large pool of trained resources and incisive industry expertise to meet the requirements of our clients, who are from diverse business sectors.

We at WF MPL are driven to provide our clients with compelling value-based solutions through our comprehensive services management approach and benchmarking to create workspaces built on our cherished principles of quality, trust and service excellence.

MESSAGE FROM THE PROMOTERS

Dinesh Patidar
Director

Mr. Patidar is DuPont Certified Safety officer and he believes that safety should be first priority for any company because life of any person is priceless. And keeping this in mind we at WF MPL work with the aim of “Zero Harm”.

The journey of Shri Dinesh Kumar Patidar started with the Hindustan Zinc Ltd (Vedanta Group Company) in 2009. Shri Dinesh Kumar Patidar was associated with Hindustan zinc for more than 8 years. During his association with the group, he executed many prestigious projects for Hindustan Zinc as a associate manager Project Mechanical.

He has lead many projects like STP, Water conveying project from Udaipur to Dariba, Zinc Smelter Project Dariba and Many housing projects for HZL.

Shri Patidar is leading five companies working PAN India. These companies deal in Construction, Fabrication, E&I Projects, Solar Energy, Agriculture etc. He has vast experience in project execution and marketing. Shri Patidar has contributed in Renewable energy sector and has executed more than 100 MW project PAN India. He leads Logistics segment of Vibrant Enterprises in which he provides complete services like man power supply & Management, construction and supply of transport equipment on rental for all major cement industries. Shri Patidar worked for many prestigious companies i.e. Wonder Cement, JK Cement, KEC, TATA, L&T ECC, L&T Solar, JUWI Solar, Shakti Pumps, Adani Power, FLS etc.

Shri Patidar have vast experience in Project management and he feels that there is lot to do for industry to improve quality of service with safety, with this thought Shri Patidar along with two other partners started Wonder Facility Management Pvt Ltd. He is leading team of well experienced employees to full feel the requirement of corporate sector as well as government sector.

India is expected to be the fastest growing economy in the world over the next few years. Extrapolating the experience of the last decade or so, this growth is going to be accompanied by the creation of higher quality, more integrated, high-tech workplaces and facilities that will include Office Spaces, IT Parks, Residential Townships, Educational Institutes, Manufacturing Units, Hotels, and Hospitals etc across the country. This will create an acute demand for having organizational competency to maintain these premises in a systemic and integrated manner to enhance the well-being, motivation and productivity of the users.

Focus on profitability along with a growing preference to concentrate on core activities has been the key driver for organizations to outsource their non-core activities to other service providers. There has been a growing realization amongst clients about the long-term value that a professionally managed IFMS provider like WF MPL brings to the forefront while managing their non-core activities.

Jyoti Dubey
Director

Sanjay Kumar Agarwal
Director

WF MPL is committed to deliver quality in whatever we think and do, and to establish quality as the most important parameter in all aspects of its services.

Wonder facility management private limited came into being with the idea of a sustainable development of society. The growth of country depends on the growth of industries which is its biggest and most potential sector. With the dream to contribute in the industrial growth, WF MPL has developed a cutting edge infrastructure facility lead by a team of trained and well equipped personnel. We are committed for taking care of non core activities of industries, in order to conserve the environment and achieve a sustainable future. The organization is fuelled by young & experienced, professionals and self-motivated individuals who aim to work collectively as a team adhering to the vision and mission of the organization.
